

Cancer In PA: Trends & Insights

Join the Pennsylvania Department of Health for a live one-hour webinar as we announce the release of a comprehensive report on cancer and its burden on our state.

DATE: Thurs, June 11, 2015

TIME: 11:30 AM-12:30 PM

The webinar focuses on four commonly diagnosed cancers: breast, cervical, colorectal and lung. A panel of cancer experts will share highlights of the data related to each cancer and what the data reveal. A moderated Q&A session will follow.

We hope you can join us for this important presentation and discussion.
